The information contained in this user guide was written for Colin McRae Rally 2005™. The publishers operate a policy of ongoing development and reserve the right to make changes to any of the products described in this document without prior notice.

UNDER NO CIRCUMSTANCES SHALL NOKIA BE RESPONSIBLE FOR ANY LOSS OF DATA OR INCOME OR ANY SPECIAL, INCIDENTAL, AND CONSEQUENTIAL OR INDIRECT DAMAGES HOWSOEVER CAUSED. THE CONTENTS OF THIS DOCUMENT ARE PROVIDED "AS IS," EXCEPT AS REQUIRED BY APPLICABLE LAW, NO WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE MADE IN RELATION TO THE ACCURACY AND RELIABILITY OR CONTENTS OF THIS DOCUMENT. NOKIA RESERVES THE RIGHT TO REVISE THIS DOCUMENT OR WITHDRAW IT AT ANY TIME WITHOUT PRIOR NOTICE.

#### EXPORT CONTROLS

This product contains commodities, technology, or software exported from the United States in accordance with the Export Administration regulations. Diversion contrary to U.S. law is prohibited.

Further detailed information is given in the separate user guide. Do not use this guide in place of the complete user guide, which provides important safety and maintenance information.

## FOR YOUR SAFETY

Read these simple guidelines. Breaking the rules may be dangerous or illegal. Read the user guide for your gaming device for further information.

#### PLAY SAFELY

Do not use this product when wireless phone use is prohibited or when it may cause interference or danger. Follow any restrictions or rules in the device's user guide.

#### ROAD SAFETY COMES FIRST

Obey all local laws. Always keep your hands free to operate the vehicle while driving. Your first consideration while driving should be road safety.

#### INTERFERENCE

All wireless devices may be susceptible to interference, which could affect performance.

#### USE SAFELY

Use the game deck only in the normal position as shown in the user guide.

#### ENHANCEMENTS AND BATTERIES

Use only approved enhancements and batteries. Do not connect incompatible products.

## Important: Safety information about video games

### About photosensitive seizures

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people who have no history of seizures or epilepsy may have an undiagnosed condition that can cause photosensitive epileptic seizures while watching video games. These seizures may have a variety of symptoms, including lightheadedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, or momentary loss of awareness. Seizures may also cause loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects.

**Immediately stop playing and consult a doctor** if you experience any of these symptoms. Adults who allow teenagers (or children) to play the games should watch for or ask their children about these symptoms as they are more likely than adults to experience these seizures. The risk of photosensitive epileptic seizures may be reduced by playing in a well-lit room and by not playing when you are drowsy or fatigued. If you or any of your relatives have a history of seizures or epilepsy, consult a doctor before playing.

### Play safely

Take a break from playing games at least every half hour. Stop playing immediately if you begin to feel tired or if you experience an unpleasant sensation or pain in your hands and/or arms. If the condition persists, consult a doctor. Use of vibration can aggravate injuries. Do not turn vibration on if you have any ailment in the bones or joints of your fingers, hands, wrists, or arms.

## CARE AND MAINTENANCE

Your game card and game deck are products of superior design and craftsmanship and should be treated with care. The suggestions below will help you protect your warranty coverage and enjoy your game for many years.

- Keep the game card and game deck dry. Precipitation, humidity and all types of liquids or moisture can contain minerals that will corrode electronic circuits.
- Do not use or store the game card and game deck in dusty, dirty areas.
- Do not store the game card and game deck in hot areas.
- Do not store the game card and game deck in cold areas. When the game deck returns to its normal temperature, moisture can form inside the game deck and damage electronic circuit boards.
- Do not attempt to open the game card or game deck other than as instructed in the user guide.
- Do not drop, knock, or shake the game card and game deck.
- Do not use harsh chemicals, cleaning solvents, or strong detergents to clean the game card or game deck.
- Keep the game card out of the reach of small children.

All of the above suggestions apply equally to your game card, game deck, and any enhancement.

## Inserting the N-Gage™ Game Card

### Nokia N-Gage™

1. Make sure the N-Gage game deck is switched off. If it's on, press and hold  to switch off the device.
2. With the back of the N-Gage game deck facing you, slide open the cover (Fig. 1).
3. Slide your finger into the finger slot, then lift and remove the battery (Fig. 2).
4. Remove the existing game card or memory card (if you have one fitted).
5. Position the N-Gage game card in its slot. Make sure that the gold contacts of the card are facing down and lined up with the gold contacts on the device (Fig. 3).
6. When you have secured the card in place, replace the battery, then replace the cover by sliding it back into place (Fig. 4).

*Note: A SIM card must be inserted in the N-Gage game deck before a game can be played. Insert a SIM card as described in the N-Gage game deck instruction manual.*

*Note: Do not use the USB port during gameplay.*

### Nokia N-Gage™ QD

1. You do not have to switch off the N-Gage QD game deck to change N-Gage game cards.
2. Before inserting or removing a game card, ensure you save all unsaved data as inserting a new game card will close all open applications.
3. Open the card slot (Fig. 1) and insert your game card (Fig. 2).
4. Once a game card is inserted, the game will start automatically.  
(Please ensure the auto-start feature is enabled on your game deck)

## Starting a Game

### Nokia N-Gage™

Turn the power switch on.

The game icon will automatically appear on the Menu screen once the game card is successfully installed.

Press , scroll to the game icon and press . Now you're ready to start the game.

### Nokia N-Gage™ QD

Press and hold the power key  to turn the game deck on.

To start a game when a game card is inserted, press  in standby mode. You can also start games by selecting Games in the menu.

## Bluetooth® Multiplayer Game Play\*

\* To play the game with other users via Bluetooth® wireless technology, all participants need to have the same game.

## INTRODUCTION

It's time to get behind the wheel of a superb racing car in *Colin McRae Rally 2005™*. Choose from MINI, MG, Peugeot, Subaru, Toyota, Audi, Volkswagen, Citroën, Renault or Mitsubishi and speed through challenging tracks in head-to-head competition. Adjust your car to suit different weather conditions and various road types. Race for glory in different countries, or just test your skills in different rallies or single stages. You can also challenge your friends and compete against the times of other racers from around the world. Feel the speed and become the best!

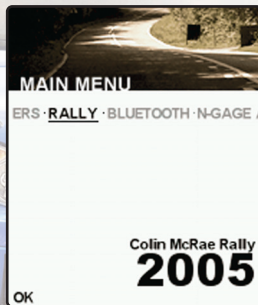

## MAIN MENU

Choose a gameplay mode using the **Controller Key** then press **Key 5**. Your gameplay mode choices are Rally, Bluetooth® multiplayer and N-Gage™ Arena. The other Main Menu choices are Options, Load/Save Data, Drivers, Credits and Quit.

**Rally** option lets you start a game and choose from Championship, Single Rally, Single Stage or Time Trial in single-player action.

The **Bluetooth®** Multiplayer option lets you race against other players.

The **N-Gage™ Arena** option lets you enter into global competition.

Select **Quit** to leave the game.

**Credits** list all the people who brought you *Colin McRae Rally 2005*.

**Drivers** option lets you create a new driver profile and see the existing ones.

**Options** allows you to adjust graphics and sound, or to view high scores. Load/Save Data lets you load and save games. You can also change the control key functions to a configuration that suits you, as well as choose the language.

## USING THE CONTROL KEYS

## GAME SCREEN

### Monitoring Your Performance

All drivers in *Colin McRae Rally 2005* can monitor every aspect of their performance in the Game Screen.

### Co-driver signs

See *Co-driver* on page 8.

### Stage Progress

The indicator on the progress bar represents your car. As you pass each stage marker, the progress bar turns red if you are behind the record or green if you are ahead of the record.

### Split Time

As you approach a stage marker, the split time count-down measures your performance against the fastest recorded time (or default time on first play) for the stage. Negative values indicate that you're faster than the record, while positive values show that you are slower.

### Time

Keep an eye on the elapsed time in each stage.

### Speed

Displays your speed.

### Gear

Shows your current gear.

### Revs

Shows your RPM.

## CO-DRIVER

You must remember that you never drive alone; you are part of a team. The other half of your team is your co-driver and he's just as important to your performance as you are. Listen to him. Throughout each stage, your co-driver will describe the oncoming terrain in the form of Pace Notes.

Pace Notes detail:

- Distance of approaching obstacles, expressed in meters.
- The hazard level of the oncoming bend. The lower the hazard number, the slower your speed will need to be to get through the hazard. When your co-driver calls a "6," the way is clear and you can floor it until he tells you otherwise.
- Terrain is described in the order it appears. Oncoming bends and corners are also shown onscreen.

## CALL DEFINITIONS

Here are the calls your co-driver will make. Learn them and be ready to respond!

**Care** — Very hazardous terrain.

**Crest** — A rise in terrain that hides the track beyond.

**Jump** — A rise in terrain that, if taken at high speed, will make your car leap into the air. Remember, once your tires leave the ground you have zero control over your car.

**Long** — A long corner.

**Very long** — An extended long corner.

**Turn** — A corner at an intersection.

**Opens** — Corner widens on exit.

**Tightens** — Corner becomes tighter on exit.

**Bridge** — Bridge ahead.

**Don't cut** — Don't cut corners!

**Straight** — Hold a straight line through the coming bends.

## REPAIRING YOUR CAR

Damage to your vehicle is a natural hazard of rallying. If your car gets too beaten up, you may no longer be able to drive competitively. Take care, as poor performance may force you out of the rally earlier than you expect. At the beginning of each rally and intermittently between stages, you'll visit the service area so your repair crew can tweak and repair your car. Your crew has limited time in which to restore your vehicle to rally condition. If there is too much damage for the crew to fix within the allotted time, you may have to head into the next stage with some of it unrepaired. You need to prioritize the most vital repairs in order to get back into the stage with your car in the best condition possible.

## SETTING UP YOUR CAR

### Tires

Select the most suitable type of tire for the coming stages. Make sure you've checked out the weather conditions and terrain you're about to face. If you don't make an informed decision about the tires you're running on, you could lose more than just time before you get back to the service area.

### Ride Height

A low ride height (distance of chassis from the road) gives your car increased stability on smooth surfaces but the range of your suspension is reduced. If you have a low ride height you will be less able to cope with uneven terrain and the risk of grounding is greater.

### Suspension

Softer shocks give greater traction on rough and uneven surfaces but the chance of body rolling increases. Set your shock level to harder to enhance stability on smooth surfaces and reduce the danger of body rolling. [ 9 ]

## Brake Bias

Balance the power of your brakes between the front and rear discs. This affects the way your car handles in cornering. More power to the rear brakes can cause them to lock on corners and swing the back of your car outside of the optimum line. Shifting power to the front brakes may likewise cause them to lock.

## Steering

A lighter steering speed allows you to reach full lock and turn your car more quickly. Your vehicle handling will become more sensitive and require greater control. Setting a low steering speed may result in your car becoming less responsive and force you to take those hairpins at reduced speeds.

## Gearbox

When you have chosen your car, you get to select the gearbox you want to drive with. Manual transmission means that you will need to shift gears manually as you drive.

Fully automatic gearboxes

will change gears as needed and are an ideal option for novices. Later on in the game you get to adjust the gears before the rally. A high gear ratio provides an increased range through the gears and a higher top speed but will reduce your rate of acceleration. Low gear ratios get you off the mark more efficiently but your maximum speed will not be as fast.

## Power Ratio

The power ratio may be biased slightly towards the front or rear of your car causing you to oversteer or understeer during acceleration.

## Brake Bias

The braking balance may be biased slightly towards the front or rear of the car causing you to oversteer or understeer while braking.

## RALLY

This is where you get to start driving. Choose from four different types of single-player games, *Championship*, *Single Rally*, *Single Stage* or *Time Trial*.

## CHAMPIONSHIP

You're a world rally contender. Starting at the bottom of the driver rankings, you've got to prove your skill on the track and work your way up through events and series to become the best the sport has ever seen.

Here's how to get started:

First you will see the New or Load Game screen. Then you choose the rally difficulty. When you're just starting out, only the Novice and Intermediate sections are open to you but as you progress you can play as an Expert.

The Driver Select option lets you load an already created driver profile, create a new one or play as a guest. If you create a new driver profile, enter your name, initials and year of birth. If you play as a guest, create a tag for yourself.

Next, choose a car and the transmission type.

Now you enter the screen before the rally itself where you can set up the car for the race, repair it, get information on the track and stage you will drive, save or quit the game or start the race.

After you have raced, you can go to the Stage Time screen and replay the race and update your driver profile.

## SINGLE RALLY

This mode is similar to the Championship mode except that you will drive all the stages in the country. In Single Rally mode you choose the country in which you wish to race.

## SINGLE STAGE

This is different from Single Rally in that you only play one stage from a rally. You can adjust the weather before going to the rally screen.

## TIME TRIAL

Time Trial is all about beating speed records. You get to choose the same settings as in other modes. It's up to you to set the fastest time and establish your place in rally history through awesome single-player action.

## BLUETOOTH® MULTIPLAYER GAMEPLAY

This option lets you start a multiplayer game with your friend. Select the Bluetooth® Multiplayer option to select a driver, create one or just make a tag if you want to play as a guest. Then choose to host or join a game. If you are hosting, you will be able to accept a player and if joining, you get to choose the game you would like to join. Once connected, select whether you want to play a full rally or a single stage, choose your car, set it up and then race! Only stages and cars that have been unlocked in Championship mode will be available.

## N-GAGE™ ARENA GAMEPLAY

Enter into global competition via N-Gage™ Arena option from the Main Menu. N-Gage Arena works in much the same way as Single Stage; only levels unlocked in Championship mode will be available. There are 64 stages available once unlocked.

Select the stage you wish to compete in, select your car and then select the setup. You will be taken to the N-Gage Arena Login screen. If you have not registered with N-Gage Arena already, please fill in the login details and continue to the league for your chosen stage.

Once in N-Gage Arena, and after you check your messages, you will see that stage's ranking table. Select a player from the list to download their ghost performance. You only have a limited time to beat the ghost or points will be deducted from your score. Choose your opponents wisely. During the race, if you make a mistake and would like to start the stage again, press the **"#"** key.

In addition to being able to race against other players in the stages, you can check your overall Global Ranking. This score is worked out by adding all your individual stage scores together, so make sure you unlock all the tracks!

*Note: You will need a fully working GPRS enabled connection to connect to N-Gage Arena.*

## Nokia Limited Warranty

Nokia warrants to the original consumer purchaser that the Nokia N-Gage game card shall be free from defects in material and workmanship for a period of 90 days from the date of purchase. If the Nokia N-Gage game card is found to be defective in material and workmanship within that 90 day warranty period, the Nokia N-Gage game card will be replaced free of charge. This limited warranty does not apply if the defect shall have been caused by negligence, abuse, damage, modification, tampering or any other causes not related to defective materials or workmanship. Please retain the original or a photocopy of your sales receipt to establish the date of purchase for warranty replacement. For replacement, return the Nokia N-Gage game card, with its original packaging and receipt, to the retailer from which the game card was originally purchased. In the event that you cannot obtain a replacement from the retailer, please contact Nokia. If Nokia no longer produces the game card, Nokia, at its sole option, may substitute a game card of another game title or refund the customer's purchase price.

## Limitations on Warranty

THE BENEFITS CONFERRED BY THIS LIMITED WARRANTY ARE IN ADDITION TO ANY OTHER RIGHTS AND REMEDIES UNDER ANY APPLICABLE LEGISLATION THAT CANNOT BE EXCLUDED. OTHERWISE, TO THE EXTENT PERMITTED BY LAW THE NOKIA N-GAGE GAME CARD AND ALL SOFTWARE CONTAINED ON IT ARE PROVIDED TO YOU "AS IS," WITHOUT WARRANTY OF ANY KIND, EXCEPT AS EXPRESSLY PROVIDED IN THIS NOKIA LIMITED WARRANTY. EXCEPT AS EXPRESSLY SET FORTH ABOVE, NOKIA EXPRESSLY DISCLAIMS ALL WARRANTIES, WHETHER ORAL OR WRITTEN, EXPRESSED OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT SHALL NOKIA BE LIABLE FOR ANY SPECIAL, CONSEQUENTIAL OR INCIDENTAL DAMAGES RESULTING FROM POSSESSION, USE OR MALFUNCTION OF THE NOKIA N-GAGE GAME CARD OR THE SOFTWARE CONTAINED ON IT, INCLUDING DAMAGES TO PROPERTY AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, DAMAGES FOR PERSONAL INJURY, EVEN IF NOKIA HAS BEEN ADVISED OF THE POSSIBILITY OF THOSE DAMAGES. SOME COUNTRIES AND/OR AREAS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, OR PERMIT THE EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU. THIS WARRANTY PROVIDES YOU WITH SPECIFIC LEGAL RIGHTS. YOU MAY HAVE OTHER RIGHTS WHICH VARY FROM TERRITORY TO TERRITORY.

## Obtaining Warranty and Technical Support

To receive warranty and additional support, including troubleshooting assistance, please contact Nokia at: [www.n-gage.com](http://www.n-gage.com)

## N-Gage™ Arena Instructions

Your N-Gage game deck must be switched on and be online to use this feature.

N-Gage Arena is an online service that allows you to upload and download game content enhancements over the air to extend gameplay.

N-Gage Arena is network dependent and requires network support. To use the N-Gage Arena features you need to ensure that your service provider supports data traffic delivery (GPRS) and you have subscribed to a GPRS service. Some networks have limitations that affect your ability to play online. Please see your mobile provider about GPRS support and availability.

Once you have GPRS activated on your N-Gage game deck, select N-Gage Arena from the main menu screen or the in-game icons. More information and instructions are available at [arena.n-gage.com](http://arena.n-gage.com).

You may also need to register and subscribe for some online gaming services. You'll be prompted for this information when using N-Gage Arena. See [arena.n-gage.com](http://arena.n-gage.com) for more details.

N-Gage™ Arena support provided by Nokia.

Please refer to [arena.n-gage.com](http://arena.n-gage.com) for gameplay instructions.

## Register Your Game Online

To register, go online at: [www.n-gage.com](http://www.n-gage.com)
